

This report shows the status of Danville's key economic indicators as of November in the current fiscal year. Sales tax collected, machinery and tools tax collected, and total dollars spent on improvements are continuing to rival the numbers from previous fiscal years. Unemployment levels continue to waiver while remaining in a general decline from 2008 levels. Business license numbers are still well below previous years, but with the completion of Main Streetscape and continued River District investment, we hope to see more improvement and positive change in Danville's economy.

Economic indicators allow economists, public policy makers, financial professionals, investors and others to check the state of the economy. Just as temperature, pulse and heart rate provide indications of a person's health, economic indicators serve as "vital signs" for the state of the economy.* In this document, you will find key pieces of data that will give you a clear view of the City of Danville's economic condition. THIS IS NOT A MARKETING PIECE, BUT RATHER A REPORT CARD ON INDICATORS OF TAXES COLLECTED, BUILDING PERMITS, UNEMPLOYMENT, AND OTHER FACTORS THAT AFFECT THE COMMUNITY POSITIVELY AND NEGATIVELY. - Source: eHow
