

### PURPOSE

Economic indicators allow economists, public policy makers, financial professionals, investors and others to check the state of the economy. Just as temperature, pulse and heart rate provide indications of a person's health, economic indicators serve as "vital signs" for the state of the economy.\* In this document, you will find key pieces of data that will give you a clear view of the city of Danville's economic condition. **THIS IS NOT A MARKETING PIECE, BUT RATHER A REPORT CARD ON INDICATORS OF TAXES COLLECTED, BUILDING PERMITS, UNEMPLOYMENT, AND OTHER FACTORS THAT AFFECT THE COMMUNITY POSITIVELY AND NEGATIVELY.**

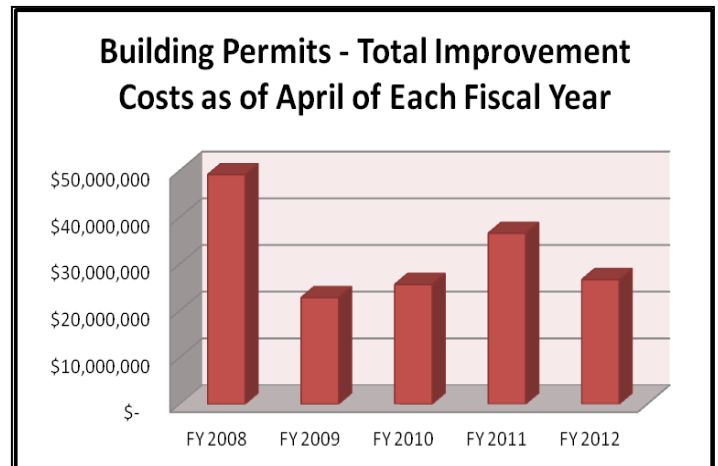

\*Source: eHow

### OUTLOOK

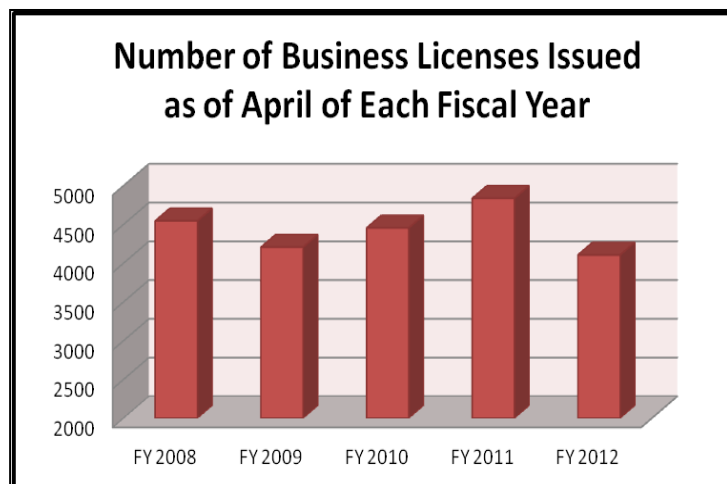

Throughout March and April, the majority of Danville's key economic indicators have not shown improvement over the data from previous fiscal years. The one indicator that continues to show positive change is the amount of sales tax collected, with over \$350,000 more collected at this stage of the fiscal year compared to FY 2011. Although there was a slight decrease in the unemployment rates, there is still much room for improvement in this indicator. With the large amount revitalization taking place in the River District and the continuous technical and industrial recruitment efforts, we look forward to positive economic change in the city of Danville.
